

**Proposed Amendment 66 to the Fishery Management Plan
for the Bering Sea/Aleutian Islands Groundfish**

**Instruction: Revise the first sentence of section 13.4.7.3.5
as indicated below.**

13.0 MANAGEMENT REGIME

13.4 Management Measures -- Domestic Fishery

13.4.7 Effort Limitation Programs

13.4.7.3 COMMUNITY DEVELOPMENT QUOTAS

13.4.7.3.5 MULTISPECIES GROUND FISH AND PROHIBITED SPECIES CDQ
ALLOCATIONS

**In addition to the CDQ allocations authorized in Section
13.4.7.3.3 (fixed gear sablefish) and Section 13.4.7.3.4
(pollock), 7.5% of the TAC for all BSAI groundfish species or
species groups, except squid, will be issued. ~~CDQs will be
issued for 7.5% of the TAC for all BSAI groundfish species not
already covered by another CDQ program (pollock and longline
sablefish).~~ A pro-rata share of PSC species will also be issued.
PSC will be allocated before the trawl/non-trawl splits. The
program will be patterned after the pollock CDQ program, but will
not contain a sunset provision.**
