Mr. Shawn Yanity
Chairman
Stillaguamish Tribe of Indians
P.O. Box 277
Arlington, WA 98223

Dear Mr. Yanity:

Thank you for your letter requesting a determination of a commercial fishery failure due to a fishery resource disaster. Your request relates to the impacts to the 2015 Stillaguamish Tribe coho salmon fishery as a result of changing ocean conditions beyond the control of fishery managers that severely limited the number of coho salmon available for harvest.

The National Oceanic and Atmospheric Administration's National Marine Fisheries Service (NMFS) evaluated information from Stillaguamish Tribe of Indians, the Northwest Indian Fisheries Commission, and the Pacific States Marine Fisheries Commission to assess whether a commercial fishery failure occurred due to a fisheries resource disaster. After reviewing this information, I have found that the request for a determination of a commercial fishery failure due to a fishery resource disaster for the 2015 Stillaguamish Tribe coho salmon fishery meets the requirements under Section 312(a) of the Magnuson-Stevens Fishery Conservation and Management Act.

This determination now makes this fishery eligible for NMFS fishery disaster assistance. The 2018 Consolidated Appropriations Act, P.L. 115-141, provided \$20 million in NMFS fishery disaster assistance. The Department of Commerce will determine appropriate allocation of funds to eligible fishery disasters and associated requirements for these funds.

If you have any further questions, please contact Michael Platt, Jr., Assistant Secretary for Legislative and Intergovernmental Affairs, at (202) 482-3663.

Sincerely,

A handwritten signature in black ink that reads "Wilbur Ross".
