Permit holder information may be used as sampling frames for surveys.

Routine Uses: The Department will use this information to determine permit eligibility and to identify fishery participants. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a), to be shared within NMFS offices, in order to coordinate monitoring and management of sustainability of fisheries and protected resources, as well as with the applicable State or Regional Marine Fisheries Commissions and International Organizations. Disclosure of this information is also subject to all of the published routine uses as identified in the Privacy Act System of Records Notice [COMMERCE/NOAA-19](#), Permits and Registrations for the United States Federally Regulated Fisheries.

PAPERWORK REDUCTION ACT INFORMATION

Public reporting burden for this collection is estimated as follows: 15 minutes for main Hawaiian Islands non-commercial bottomfish permit and 2 hours for all permit denial appeals. Each burden includes time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspects of this collection of information, including suggestions for reducing this burden, to NMFS Pacific Islands Regional Administrator, 1845 Wasp Blvd., Bldg. 176, Honolulu, Hawaii 96818.

This information is being collected to ensure accurate and timely records about the persons licensed to participate in fisheries under Federal regulations in the Western Pacific Region. This will enable NMFS and the Western Pacific Fishery Management Council to (a) determine who would be affected by changes in management; (b) inform license holders of changes in fishery regulations; and (c) determine whether the objectives of the fishery program are being achieved by monitoring entry and exit patterns and other aspects of the fisheries. The information is used in analyzing and evaluating the potential impacts of regulatory changes on persons in the regulated fisheries as well as in related fisheries. Responses to the collection are required to obtain the benefit of a license for the fishery involved (ref. 50 CFR 665.13). Data provided concerning the vessel and/or business of the respondents are handled as confidential under the Magnuson-Stevens Fishery Conservation and Management Act (Sec. 402(b)). Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.
